Every effort has been made to keep the fee as low as possible while still providing a level of service quality that assures customer satisfaction even when unexpected circumstances are encountered.

Quoted prices are contingent upon the following conditions:

1. Service personnel are not delayed after their arrival at the pick-up location due to lack of client/customer preparation.
2. Belongings for which the client/customer is responsible for packing must be are packed and ready to be loaded upon the mover's arrival. If the movers are required to pack additional charges will apply.
3. Furniture to be moved has been identified in advance of moving personnel arrival and it is easily accessible for loading using the most direct route in and out.
4. Additional charges may be incurred if the client's furnishings are unusually difficult to disassemble, and/or move, and/or reassemble.

Packing Services

Packaged rates for packing are quoted above. When the need for packing exceeds the limitations of the packaged rates we will pack the clients belongings, charging for time and materials as follows: time at \$22.50 per hour, plus \$1.50 per box, with box return. Perfect-Fit Downsizing

Perfect-Fit Downsizing is great for clients who have a lot of belongings and are having a difficult time deciding what to take with them to the new home. These decisions are especially critical when the client has an impaired ability to ambulate, and/or uses a walking aid of any type, and is thereby at greater risk of falling.

Caring Transition's *Perfect-Fit Downsizing* can assist the client in determining what belongings the client needs to take to the new residence, and what belongings must remain behind. *Perfect-Fit Downsizing* uses special software to determine if the planned furniture will fit into the new home. A *to-scale* floor plan of the new home will be created with every piece of furniture in its place. It's easy to determine if there is sufficient room for the client to freely ambulate within the home.

Perfect-Fit Downsizing can usually be completed within a two hour client meeting/assessment during which necessary information is gathered to create the individualized floor plan. The fee for this service is \$200.00

Sorting and Organizing

The client must decide what belongings need to be moved to their new residence. This is often an overwhelming project for some families who need help. Downsizing requires the client's belongings be sorted and organized according to what needs to be taken to the new home. This can be a time consuming job. Many clients have difficulty deciding what to leave behind. If requested, Caring Transitions will actively work through this task, helping the client complete the task in a timely manner.

The charge for this service is \$45.00 per hour

Capturing the familiarity of the Old Home in the New Home

People who have lived in the same home for a long period of time often experience stress or depression related to relocating to a new home. When requested, Caring Transitions will spend time with the client learning from them what it was about the old home that made it comfortable. Often it is simply the familiar location of furnishings, or the placement and positioning of belongings in the client's most personal living space. Some of these characteristics of the old home can be maintained or duplicated in the new home. Photos and measurements can be taken of the old home's bookshelf, wall portrait arrangement, china cabinet, or whatever it is that is important, and used to duplicate the familiar arrangement in the new home.

The charge for this service is \$45.00 per hour
